

ASEAN Update Seminar Series (Sustainable Development Goals) Vol. 2
Impact Investing from Japan in Deep Tech Startups in ASEAN:
A Case of Real Tech Global Fund

ASEAN-Japan Centre

ASEAN-Japan Centre will host the second of its ASEAN SDGs webinar series: “*Impact Investing from Japan in Deep Tech Startups in ASEAN: A Case of Real Tech Global Fund*”. Impact investing, firstly coined in 2007, is an investment approach that pursues to create and measure societal impact along with financial return.

Building on the first webinar held on the potential of impact investing in ASEAN in May 31, this second webinar showcases the case of Japanese tech-based impact investing fund “Real Tech Global Fund”, actively investing in deep tech startups in ASEAN.

It is our hope that this webinar will assist businesses in ASEAN and Japan currently exploring impact investing as a way to finance their business achieving the SDGs. This webinar will also be suitable for tech-based startups and MSMEs in ASEAN and Japan looking for investments as well as companies, venture capitals and startups in ASEAN and Japan looking for collaboration to achieve the SDGs in their investment and business operations.
